### WHO IS IT FOR?

The Test and Tag short course is suitable for beginners as well as individuals with prior work experience. The course prepares learners to perform safety inspections of electrical equipment at homes and offices. Properly trained test and tag technicians play an important role in helping prevent electric shock incidents and injuries. This is a vital skill for individuals who have an existing job or interest in industries like electrical work, health and safety, fire and safety, building and construction and related trades. It also opens up a pathway for a pre-apprentice program for a UEE30820 Certificate III in Electrotechnology Electrician.

#### DELIVERY METHOD

- Self-paced study
- Face-to-face

#### COURSE DURATION

- Face-to-face: 1 day
- Self-paced: 2 days

#### COURSE FEE\*

\$300

## COURSE HIGHLIGHTS

- Our course complies with Australian standards AS/NZS 3760
